Postal Clerks' Organization
Puzzles Postmaster.

Fred A. Buse of Chicago
Goes East for Points.

Department Heads Will Be
Asked for Instructions.

(BY DIRECT WIRE TO THE TIMES.)

AUSTIN (Tex.), Aug. 20.—The Attorney-General today rendered an opinion nullifying the nomination of E. H. R. Green, son of Mrs. H. R. Green of New York, as gubernatorial nominee of the Republican party. Because of a split in the party, separate conventions were held, one faction being known as the reorganized Republican party and the other as the regular. Green was nominated by the reorganized faction.

WASHINGTON, Aug. 20.—[Exclusive Dispatch.] No official of the Postoffice Department cares to make any public statement regarding the organization into unions of postal clerks by the American Federation of Labor. The previous policy of the administration which some officials say privately will not be changed, is shown by this executive order issued January 21, 1902, by President Roosevelt: "All officers and employees of the United States of every description serving in or under any of the executive departments and whether so serving in or out of Washington, are hereby forbidden, either directly or indirectly, individually or through associations, to solicit an increase of pay or to influence or attempt to influence in their own interest any other legislation, whatever, either before Congress or its committees, or in any way save through the heads of the departments, in or under which they serve, on penalty of dismissal from the government service."

BUSE SEEKS RULING.
BY THE ASSOCIATED PRESS—A.M.J.
CHICAGO, Aug. 20.—Postmaster Fred A. Buse of Chicago will leave for Washington to consult with the authorities regarding the formation of a national association of postal clerks in affiliation with the American Federation of Labor.

The announcement made Monday that such an organization had been formed, came as a surprise in government circles. Buse declared he had no idea such a step was contemplated by the clerks.

"If the national union conducts its business along the same lines as the Chicago local has done in the past, it is my personal opinion that there will be no objection to it," said Buse. "The union has been in existence in Chicago for a number of years. Its officers from time to time have called attention to some little grievances that they have a right to and we have tried to remedy to the best of our ability. Of course, if the union follows the lines of some labor organizations and attempts to set wages and working conditions, that might possibly be a hitch, as the laws governing the department are inflexible."

SAYS UNION IS HARMLESS.
E. B. Goitra, president of the National Federation of Postoffice Clerks, said that the new union would be in any way antagonistic heads of departments, nor act contrary to the established rules.

"There is nothing in our oath of allegiance to the government," he said, "that forbids us joining a labor union for our mutual benefit. We understand that any improvement in our conditions must come through legislation, and we expect to have the support of organized labor in trying to secure such legislation. If we cannot directly appeal to Congress in our own behalf, we must do so indirectly, and this we expect to do through the legislative committee of the American Federation of Labor and of the various central bodies throughout the country. Talks of depriving President Roosevelt of striking against the government is nonsense and has never been contemplated by us."

Trouble Feared at Cement Works.
VALLEJO, Aug. 20.—One hundred and eighty men employed by the cement works at Vallejo last night. They have been getting 10 cents an hour for a ten-hour day. Other men have been offered, presumably to take their places, and trouble is feared.

COL. LAMBERT'S VIEWS.
Back from Germany He Praises Kaiser and Sounds a Warning to American People.

(BY DIRECT WIRE TO THE TIMES.)
LONDON, Aug. 20.—[Exclusive Dispatch.] "Emperor William is the ablest man in all Europe, barring none," said Col. John Lambert of the American Steel and Wire Company. "I have traveled over the Kaiser's country thoroughly and believe he has done more for Germany, agriculturally and industrially, commercially and politically, than all his predecessors put together."

"Germany is our most formidable commercial rival, and will hopelessly beat us, unless the ignorant enemy of our people to the trusts, railways, tariff and capital in general is dispersed."

"England, the only free-trade country in Europe, will come to protection, or go out of business. Socialism, wherever it is practiced in Europe, is a failure. Government-owned railways are so far behind the times they would not be tolerated in America, where railway travel has reached the topmost height of comfort and luxury."

POWER RIGHTS QUESTIONED.
Diverse Record of Senator Johnston's Widow Is Being Investigated by Attorney.

(BY DIRECT WIRE TO THE TIMES.)
SEDALIA (Mo.), Aug. 20.—[Exclusive Dispatch.] In an effort to in-

validate the dower rights of Mrs. Josephine Goodwin Johnston against the estate of Senator Johnston of California, Attorney Arthur Miller of Sacramento is here investigating the divorce granted J. West Goodwin, editor of the old Sedalia Bazaar, from the woman, before her secret marriage to Senator Johnston, and Miller has taken the deposition of Col. Goodwin and others who knew the woman.

WILL REBUILD ON OLD SITES.

CHILEAN TOWNS AND VILLAGES UNDAUNTED BY QUAKE.

Electric Light System and Tramway Service to Soon Resume in Valparaiso—Food Abundant, but Every Able-bodied Man Is Obligated to Work—Commerce Picking Up.

(BY THE ASSOCIATED PRESS—P.M.)

SANTIAGO, (Chile), Aug. 20.—President Riesco expresses the belief that all the villages and towns of Chile destroyed by the recent earthquake would be rebuilt on their old sites.

President Riesco said the electric light system would soon be in operation at Valparaiso, and that the city would speedily establish the tramway service and that the customs service would soon be reorganized. He promised that before long the courts would resume their sitting.

The prisoners in the Valparaiso jail, except such as are known to be dangerous and those who are serving second terms, have been set to work on the improvement of the port.

Commerce is picking up and matters are beginning to move with regularity. There is an abundance of food, and distributions of provisions are made daily, but every able-bodied man is required to work.

WOUNDED NOT OVER 700.

It is believed that the number of wounded in Valparaiso will not exceed 700, most of whom are being cared for by their own people. It is impossible to state exactly the number of casualties.

President Riesco believes that, as a consequence of the preventive measures taken by the authorities immediately after the earthquake, danger of an outbreak of sickness has been averted.

The water supply of Valparaiso has been completely restored, and the sewerage system soon will be reestablished.

All social functions in Valparaiso will be suspended for six months as a sign of mourning for victims of the earthquake.

Thousands of people are leaving Valparaiso for fear of a recurrence of the earthquake. Intimidation.

Soundings made in the bay of Valparaiso show that the earthquake caused no material changes in the bottom. Most of the commercial houses have reduced the numbers of their employees.

The state of siege is still maintained in Valparaiso and after 7 o'clock in the evening no one is permitted to go about the streets without passes issued by the proper officials.

STRAYING FROM HIS LAST.

Boston Has Political "Find" in Cobbler Who Would Be City Councillor.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON, Aug. 20.—[Exclusive Dispatch.] A political "find" has come to light at City Point, South Boston, in the personage of an armless cobbler, famed for his playing the violin with his feet, who has announced his candidacy for Boston City Council.

He, Pat Cavanaugh, 50 years old and father of eight fine children. He is of the firm opinion that as Councilman he can show citizens how to mend political conditions, as well as mend shoes.

His campaign slogan is "Capable, Conscientious and Consistent Cavanaugh."

Cavanaugh invented the "Auto arch" for people with broken arches and lame feet several years ago, and has made a small fortune from its sale. He is a well known temperance advocate and a warm admirer of Roosevelt.

THIEVES SHOOT OFFICER.

SAN FRANCISCO, Aug. 20.—Shortly after 12 o'clock last night, Police Officer James Cook was shot four times through the abdomen by two thieves whom he had arrested at the corner of Seventh and Townsend streets.

Both thieves got away, though Cook shot five times at them after he had fallen to the ground. The officer was taken to the emergency hospital.

Charles J. Greene of the Potrero district was arrested on suspicion of being the man who shot Cook. Cook saw three men stealing copper and placed them under arrest. On the way to the station one of the men fired three shots into Cook's body.

The wounded man has a fighting chance for his life, the hospital surgeons say.

FLASHES FROM WIRES.

A conflagration has occurred at Morro, Russia, and two thousand persons have been rendered homeless.

President Roosevelt has cabled to King Frederick of Denmark, through the American Minister, his congratulations on the opening of the cable to Iceland.

At yesterday's meeting of the Italian Council of Ministers Marquis di Quintano, who was Foreign Minister in the Sonnino Cabinet, was appointed Ambassador to England.

Four Greek laborers were killed and another man fatally injured by being struck by a Baltimore and Ohio Southern train at Symmes, Mo.

The remains of the late Admiral C. J. Train were interred in the naval cemetery at the Annapolis Academy yesterday afternoon. The services were held in St. Anne's Protestant Episcopal Church.

The annual conference of the Methodist Church, South, began at Carrollton, Mo., yesterday. Bishop J. E. Key of Sherman, Tex., who is 78 years of age, presided.

Thirtysix-year-old William Mahony, residing at Twenty-first and Bryant streets, San Francisco, was run down Tuesday night in that city by a Southern Pacific freight train. The boy sustained injuries from which he died a short time later.

Mrs. Grover Cleveland, wife of the former President, walked up Mt. Washington with a party of friends. It was the longest mountain climb Mrs. Cleveland has ever taken, but she stood the journey well.

The fire which started on the southwestern end of the old tract leased by the Sunset Oil Company on Spindale Top, Beaumont, Tex., swept over six acres of the field and while still burning, is believed to be under control. As near as can be estimated at this time the damage will not exceed \$50,000.

WASHINGTON. DAVIS VIEWS ARID REGIONS.

RECLAMATION ENGINEER ON INVESTIGATING TRIP.

Consults With Numerous Boards in Endeavor to Devise Plan to Control the Lower Colorado River and Turn It Back Into Its Proper Channel. Wet Season Helps Dry Country.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Aug. 20.—[Exclusive Dispatch.] Arthur P. Davis, assistant chief engineer of the Reclamation Service, returned today from a long trip through the arid western regions, in the course of which he attended meetings of a number of important engineering boards.

"One of the most important matters which have been under consideration that of the control of the lower Colorado river," he said. The board meeting, extending over a week, was held at various points along the river and in Los Angeles, and a conference with engineers representing J. G. White & Co., New York contractors on the Laguna dam.

"The extent and scope of the present year have rendered the situation critical, but it is hoped that good results will be obtained by efforts being made in the autumn to turn the river to its former channel."

Davis reports that it has been an unusually wet year throughout the arid region, especially in the southwest.

COMPANIES WANT TIME.

UNPREPARED FOR RATE LAW.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Aug. 20.—Every one of the carriers under the recently enacted railroad rate law is seeking an extension of time in which to file with the Interstate Commerce Commission its schedule of rates.

Frank Platt of New York, of the United States Express Company, told the commission that his company thus far had prepared about 400,000 rates, but that it was not yet through, by any means, in the preparation of its statement. It was developed that one-half, in round figures, of the cost of transmission of express matter was paid to the railroad at one-half for cartage and other charges.

The commission was addressed by other representatives of other express companies, among them being John D. Ludlow, traffic manager of the Wells-Fargo Express Company. Ludlow informed the commission that most of the records of his company, particularly those relating to the western division, were destroyed in the San Francisco conflagration.

It was necessary to make all these schedules anew.

OUTLINE FOR NEXT YEAR.

PREPARE CANAL ESTIMATES.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Aug. 20.—Estimates for canal appropriations for 1907 are in course of preparation at the offices of the Reclamation Service. From present indications these estimates will be about the last to be made for what is known as the canal plan of the Reclamation Service.

It is believed that all of the locomotives, flat cars, dredges, steam shovels and other equipment will be assembled in a year. Judiciously but with the commission that his company thus far had prepared about 400,000 rates, but that it was not yet through, by any means, in the preparation of its statement. It was developed that one-half, in round figures, of the cost of transmission of express matter was paid to the railroad at one-half for cartage and other charges.

The commission was addressed by other representatives of other express companies, among them being John D. Ludlow, traffic manager of the Wells-Fargo Express Company. Ludlow informed the commission that most of the records of his company, particularly those relating to the western division, were destroyed in the San Francisco conflagration.

It was necessary to make all these schedules anew.

CAPT. BOYNTON'S ARREST.

STATEMENT FOR VENEZUELA.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Aug. 20.—[Exclusive Dispatch.] On the basis of information furnished by the Secret Service, the State Department is preparing a statement for Venezuela, dated later to the government of Venezuela, giving the details of the crime and arrest of Capt. Boynton, taken into custody by the United States authorities, charged with having in his possession dies and other apparatus designed for the manufacture of five-boliver pieces for the currency of Venezuela.

According to the story given out at that time, Boynton claimed to be the American representative of a revolutionary party in Venezuela, and substantiated this claim exhibited some papers signed by Señor Selina, a member of the cabinet of President Castro, and the president of the United States with Capt. Boynton's scheme.

WASHINGTON BRIEFS.

Spanish Tariff Benefits Americans.
WASHINGTON, Aug. 20.—The State Department tonight made public a statement, prepared by the Reclamation Service, declaring and putting into effect on September 1 next the new agreement as to reciprocal tariff concessions between the United States and Spain.

Under the agreement American goods are to pay duty according to Spain's tariff, and the rate is accorded favored nations. In return for American concessions in the way of tariff reductions on wines and other foreign imports into the United States.

Employment Agencies Shy.
WASHINGTON, Aug. 20.—No application yet has been made to the Immigration Commission for the specifications recently issued for the supply of Chinese coolie labor for canal construction work on the Isthmus of the 150 or more firms in the business of supplying labor for great construction enterprises.

It is believed by the commission that between twenty-five and fifty will bid for the canal contract.

Jewish Children to Remain.

WASHINGTON, Aug. 20.—Acting Secretary Lawrence G. Murray of the Department of Commerce and Labor sent a telegram to Acting Immigration Commissioner Murray at New York directing him to keep twenty-eight Jewish children who have been brought to this country from Russia to be given homes by the United Hebrew societies. Their parents in each case had been killed in the massacre at Kishineff. It was shown that the children had been well guaranteed a good home and so the children were not to be deported.

JAPAN GETS STRATEGIC POINTS.

TOKYO, Aug. 20.—Under an agreement between Japan and Korea it is understood that Chinkwan and Yonhgwang will be converted into naval stations at an early date at the expense of Japan. Both are regarded as important strategic points.

TAFT TOUCHED BY TINY BOOM.

PRESIDENTIAL BEE TURNED TO WARD HIS HIVE.

Chief Executive is Said to Have Asked Support of "Leslie's Weekly" for Secretary as His Worthy Successor—Clearly Shows by Query His Own Inability to Run Again.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 20.—[Exclusive Dispatch.] The latest person who has become similarly convinced that the President favors Secretary Taft as his successor is John A. Schleicher, editor of Leslie's Weekly.

A well-authenticated report, which has just reached Washington from the metropolis, Schleicher was requested by the President in the last fortnight to promote the political interests of Secretary Taft if he consistently could do so in his publication.

According to report, Schleicher has been booming the President for a third term, and he recently was requested to receive by the President a luncheon on Friday. Secretary Taft said the interview will have no further political significance than that of a friendly conversation.

It is further reported that the President said to Schleicher: "You don't see how I could accept the nomination in view of the announcement I made on election night in 1904, do you?"

TYPERWRITER HEARST'S REFUGE.
JEROME'S SARCASTIC THREAT.
(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 20.—[Exclusive Dispatch.] In an interview today Dictator Jerome said that he would stand Mr. Hearst as quoted as saying that hereafter he will talk only through a typewritten statement. Of course, it is difficult, where the brains and the person of a candidate are not united in the same individual, for the person alone to make clear where he does stand; but surely in a situation as obscure as the present one it would be possible for Mr. Hearst and Mr. Bribrane to get together long enough for Mr. Bribrane to tell Mr. Hearst the contents of the Independent League is for the Democratic party or against the Democratic party.

CONVENTION IN INDIANA.

POPULISTS OPPOSE GAMBLING.

(BY THE ASSOCIATED PRESS—P.M.)

INDIANAPOLIS, Aug. 20.—The Populists of Indiana met here today in State convention, nominated a State ticket and adopted a platform. The platform, which was adopted, is in opposition to the present national platform, and the decisions of the United States Supreme Court adverse to the income tax. The platform contains a plank declaring against the alleged gambling that recently has been proposed by French Lick. The plank declares: "We greatly deplore the spirit of gambling, whether by cards or mechanical devices, in any Indiana gambling resort."

Candidates were nominated for Secretary of State, Auditor, Treasurer, Attorney-General, Clerk of the Supreme Court and Superintendent of Public Instruction. The Populist party declared against fusion in Indiana this year.

NEVADA DEMOCRATS MEET.

(BY THE ASSOCIATED PRESS—P.M.)

RENO (Nev.), Aug. 20.—The Democratic and the Silver parties of Nevada assembled in joint session here today and after the establishment of a permanent organization immediately proceeded to the order of business. After the report of the Committee on Credentials was read to the convention, the adoption of the platform of the coming campaign was formed. It strongly indorses the administration of Gov. John Sparks, especially in connection with the recent enactment of the eight-hour law.

It is reported that notwithstanding Gov. Sparks's declaration that he is not a candidate to succeed himself, he will be prevailed upon to head the ticket.

WOMAN RETRACTS CHARGES.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 20.—[Exclusive Dispatch.] Efforts made by the Independence League to injure the political prestige of Senator P. H. McCarran, Democratic leader of Brooklyn, failed yesterday when Mrs. Mary A. Dixon, who brought suit against McCarran to recover \$200,000 for alleged deceit and failure to keep a promise to marry her, retracted all the charges she had made against him.

Parson to See President.

OYSTER BAY (N. Y.), Aug. 20.—Herbert Parson, chairman of the New York County Republican Committee, will be received by the President at a luncheon on Friday. Secretary Taft said the interview will have no further political significance than that of a friendly conversation.

Tagged Dollar Reaches Committee.

NEW YORK, Aug. 20.—An interesting dollar contribution came to the attention of the Congressional Campaign Committee yesterday. It was a silver dollar with a postage stamp stuck on its face, and was plainly addressed in red ink. The dollar was mailed in St. Mary's, W. Va.

SWINDLERS HIDE IN MONTREAL.

FEMALE PRINCIPALS IN A NEW YORK SCANDAL EXPOSED.

Detective in Canadian Metropolis Either to Make Formal Arrest or Apply for Extradition of Mrs. Brown and Mrs. Verreault—Gov. Stokes of New Jersey Involved.

(BY DIRECT WIRE TO THE TIMES.)

OTTAWA, Aug. 20.—[Exclusive Dispatch.]—That the leading women in New York's swindling game are hiding in Montreal is the substance of an article in the Montreal Star tonight. It says: "At intermittent periods during the past two weeks two women have been the object of considerable discussion in Montreal. They have roamed the streets together, and one of them has been seen alone quite often. The one seen alone is believed to be Mrs. Irela Brown, the other, Mrs. Elna P. Verreault, alias Mrs. Helen Hamilton. They are the 'leading ladies' in New York's latest police comic opera sensation."

"Though Detective A. J. McGuire of New York will not make any admissions as to 'shadowing' the two women, there is every reason to believe that the intention of making a formal arrest, or applying for their extradition to the United States, or that he is here in the interests of the coming campaign was formed. It strongly indorses the administration of Gov. John Sparks, especially in connection with the recent enactment of the eight-hour law."

It is reported that notwithstanding Gov. Sparks's declaration that he is not a candidate to succeed himself, he will be prevailed upon to head the ticket.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Normal School Opening.

The Los Angeles State Normal School will open on next Tuesday for the registration of students, and classes will be formed on Thursday, for the regular fall term.

Pioneer Railroad Man Dead.

W. B. Crosby, a pioneer railroad man, died yesterday in St. Louis, his passing being announced in a special dispatch. He was the father of Ray Crosby of Los Angeles.

Chamber of Commerce Elections.

The directors of the Chamber of Commerce yesterday elected as members: Julian Tracy, R. E. Payne, Don H. McFarland, B. McCabe, Leo L. Levy, M. Brown, I. Weenberger, F. K. Wills, Wiloughby Rodman, Cyrus M. Davis, Walter B. Jackson, the Moore-Watson Dry Goods Company, the Frick-Fleming Hardware Company and Wilde & Caldwell.

Verdict of Suicides.

At the inquest held yesterday over the body of Mrs. Alice Brown, who committed suicide on Tuesday, it was clearly shown to be a case of self-destruction, and the coroner gave a death certificate to that effect. The husband of the deceased woman is night manager at the Nettle Rock restaurant. The funeral will take place at 2 o'clock this afternoon at Breese Brothers' morgue.

NO UNION HOURS FOR ANY JUDGE.

PERSISTENT ENERGY NECESSARY FOR MEMBER OF COURT.

Judge Curtis D. Wilbur Made His Mark by Hard Work as Farmer Boy, Naval Officer, Lawyer and Judge—Once Again He Seeks Promotion in His Chosen Profession.

Hard and intelligent work; the faculty of sticking at it conscientiously until the task is done. That is the need today among the judges of the Appellate or any other court, for conditions have changed and today the demand is not so much for the judge who has had fifty years' experience at bar with knowledge of old-time procedure, as for the energetic judge who will keep up with the gist of decisions of forty-six Supreme Courts and the laws ground out by hundreds by Congress and the Legislature.

Among the candidates for the Appellate Court of this State is Curtis Dwight Wilbur, at present judge of the Superior and Juvenile courts of Los Angeles county. He is still a young man, comparatively, but he has arisen to his present position by the largest kind of hard work and has placed for himself a place in the history of the jurisprudence of California.

He is the first judge of the Juvenile Court, which he has placed upon its present successful footing, so that it is a precedent for other States and counties to follow. Judge Wilbur, in addition to his judicial duties, assisted in the compilation of the laws relating to women and children and published by the Federation of Women's Clubs, also of a pamphlet of forms and law regarding probate cases now used by attorneys all over the State.

WAS A FARMER BOY.

As a farmer boy from Iowa, Curtis D. Wilbur entered the Naval Academy at Annapolis. There his ability for hard persistent work enabled him to graduate third in a class of ninety-two. It took ten hours of study a day to do this and in addition he was captain of his company, and the commander of his battalion wrote a commendatory letter asserting that he was the best officer in the battalion. As a seaman he proved a most active seaman and his station was on the main-royal-yard, the highest station on the ship. On his first-class cruise he received the highest mark in the class for aptitude for service, for seamanship aloft and for navigation. As a midshipman, then superintendent of the Naval Academy, assured young Wilbur that if he remained in the service he would stand an excellent chance for appointment as naval constructor.

When he left the academy Judge Wilbur went to Riverside to his father's home and then came to Los Angeles and taught mathematics in the preparatory school for Occidental College, at the same time taking up the study of law.

Later he resigned from the school and locked himself up at his home and for sixteen months was practically a hermit. During this time he devoted every hour to his law studies, taking an Ann Arbor examination.

He was a law student for awhile in the office of Bruns, Wilson and Lamb and was admitted to practice by the Supreme Court.

As a lawyer he worked day and night over his cases and never lost one. He was associated for a time with James M. Rives and when the latter was elected District Attorney, Wilbur's penmanship for hard and comprehensive work, Rives appointed him his chief deputy district attorney.

During his work in the office of District Attorney, Wilbur made innova-

tions which are still followed. He indexed and bound all opinions emanating from the office and kept a duplicate of all he made. These make three bound volumes of 200 pages each.

One of the first things he ran into was an application to the Board of Supervisors to fix wharfage rates for the county in San Pedro harbor, which had not been done for twenty years. The rates at that time were such as practically excluded competing steamship lines from using the port.

FIXING OF HARBOR RATES.

Upon his advice the board fixed the system of rates which has been followed ever since and which brings to the county an income of between \$5000 and \$6000 a year from licenses.

He made a decision in the San Pedro ferry fight which the Supreme Court upheld; devised a system of book-keeping for the county treasurer which remedied the irresponsible "trustee fund" of \$30,000; passed upon all school district bonds so that buyers bought upon his opinion, and made many other decisions of value to the county and State which are still quoted.

YOUNG ATHLETE DEAD.

Hiram Sholes, Well-Known in Local College Sports Passed Away Yesterday Morning.

Southern California athletics lost a promising representative and the Los Angeles High School a warm friend, in the death of Hiram Sholes, yesterday morning at the California Hospital, and

hundreds of friends and admirers in this city and vicinity, will grieve over the passing of this bright young man.

Mr. Sholes was 20 years of age. He graduated only last June from the Los Angeles High School and even at that time was suffering from an internal disease that finally required an operation. This was not successful in removing the cause of the trouble, and he died yesterday morning at 8 o'clock.

Mr. Sholes was very prominent in High School athletics, being a speedy runner at 50 and 100 yards, and for a long time acted as coach for the girls' basketball team of the school. He also took an active part in the football games, and the track meets and during his term of over four years at the school many hundreds of friends.

His immediate relatives are his mother, Mrs. A. E. Sholes, his brother, W. H. Sholes, and the grandparents, Dr. and Mrs. F. P. Schuch. The family residence is at No. 117 East Avenue 41.

"BIG STRIKE" PETERS OUT.

Totemites Abandon Plot to Throttle Industry.

United Stand of Employers Scars Them Off.

Sent to Cover by Influx of Open-Shop Workers.

The "great labor movement," by which the totem agitators proposed to shackle the free workmen of Los Angeles, has burst like a bubble, and the word will be passed about this morning for every man having a job to take a "hammer-lock" hold upon it and hold tight.

The "support" of the interlopers from the union-ridden city of San Francisco has been withdrawn from the walking delegates in Los Angeles, and the principal inducement for the men to strike on September 1 has also been withdrawn.

The cause of this puncture of the strike bubble has been principally the announcement that Strike-breaker Parley of New York, at the van of 2500 armed and determined workmen, is descending upon San Francisco and proposes to operate the street cars of the fire-stricken and union-ridden northern city and permit the people to ride.

When this announcement reached Los Angeles the rascals from the North who have been stirring up trouble here sheathed their snickers and stole away in the darkness to the support of the big chiefs in San Francisco.

The totemites have held out to the workmen of this city the prospect that if they went on a strike and could not get work here they would be taken care of in San Francisco, where there's work for every one.

While the better class of workmen paid no attention to the offer, it had effect upon the very ordinary workmen, who looked upon it as a guard against idleness for a prolonged period.

OFF FOR THE DISTANT EAST.

"The Times" Oriental Party Starts Its Trip of Seventeen Thousand Miles With Throng Bidding It Farewell.

All aboard! The scramble for the cars in the crowd at Arcade station, and the splendid train getting under way.

MERRILY jostling one another, and eagerly crowding through the portals of the Arcade station, a throng of friends and relatives vied with each other in the valedictory words of the departing members of The Times Oriental Party, which started yesterday afternoon at 4:30 o'clock on the long tour.

The station was an animated picture, with its crowds of gaily-dressed ladies and gentlemen. The fine train lay waiting, and gathered about the coaches and in and out of the station, the 140 members of the party and the hundreds of their friends swarmed saying good farewells.

The time for starting had been set for 4:30 o'clock, and fully an hour before that time the guests and members of the party began to arrive. Every incoming street car was packed. Tons of luggage came in vans, and thus the members were given freedom in the last crush.

Little groups of those departing gathered together and were immediately surrounded by their admiring friends. The last handshake and the last "Godspeed" might have been seen and heard in a hundred and forty different little groups about the station and train shed.

As the crowd increased with each incoming car the station became congested. Finally at 4 o'clock, half an hour before time for the train to pull out, the guards good-naturedly opened the gates and slipped away, allowing the throng to surge out on the platforms and swarm about the train.

The train, which consisted of five solid Pullmans, with a giant fast locomotive at the head, looked ideal for comfortable travel. Along the side of the first car was stretched the banner bearing the legend:

"The Los Angeles Times Oriental Party."

This banner will announce to the curious people between this city and Seattle who occupies the speeding coaches.

The berths and chairs in the Pullmans have all been allotted prior to time, and with the opening of the gates and the raising of the embargo against passing out on the platform, there was a merry scramble to locate the section which will be the "home" of each person for the next two days.

Right on the heels of the flushed and eager members of the party came the no less eager friends and relatives. They charged down upon the pompous but courteous train attendants and literally swept them from their feet. They passed on into the cars and then began a merry examination of the superb equipment of the long train.

Through each car the visitors, fully 200 strong, trooped and they were not satisfied until they had even peeped into the sumptuous diner at the rear of the train.

The first rush of enthusiasm over and as yet a few moments remaining before the train started, there seemed

to be an equally eager scramble to get back to the platform and greet those not already seen, and say one last adieu before leaving.

A gala day effect was given the antedate scene by the masses of beautiful and fragrant flowers brought by friends to the members of the departing party.

Every one seemed to be bearing an armful of roses, carnations or other flowers, and from the windows of the cars there peeped the brilliant hues of bouquets placed in the sections by friends.

At the front of the train the baggage men of the Southern Pacific labored and struggled with the mountainous luggage brought by the guests. It requires a monumental amount of hand-labor to care for one during a trip half way around the world and back again and covering over 17,000 miles of land and sea.

The vans bearing this baggage had been arriving continuously for over an hour, and but for the excellent management of those making the arrangements there would have been untold confusion, and the departure would have been delayed. As it was everything went like clock work, and no hitch occurred anywhere.

The regular travelers who had gathered in the Arcade station preparatory to taking the Owl train North stood aside at first with consternation, but later joined in to a certain extent with the Times excursionists and tingled with them inquiring the cause of the interruption.

Business about the station was at a standstill. The hundreds of employees left their desks and posts—that is those who could do so—and watched the merry throng as it swayed in and out and inspected the waiting train.

Suddenly there sounded the short, sharp toot of the mighty engine, announcing even to the ears of the layman that the train was preparing to start.

For an instant there was a hush, and then, like a steam pent up for a time, the volume of talk increased into a miniature roar. There was always the last semi-hysterical good-by to be said, and the last embrace from members of the family. Then the scramble for the train.

As the coaches began to slowly move forward and gain speed a hundred and a hundred hands waved and waved, and many a throat tightened for a moment when the thought came forward of the long separation before the face of a dear one would again be seen.

There was the resounding clang of the engine's bell, a quaking of the exhausts, and the train slowly rounded the curve and disappeared from view. The Times Oriental party, bound for a 17,000-mile junket to the eastern lands of enchantment, was on its way.

The party will arrive in San Francisco today and remain in that city until this evening, when the train will leave for Portland, and go thence to Seattle.

Seattle. The itinerary of the great tour has been published, likewise the names of those fortunate ones who are in the party.

The party is under The Times management, and representing The Times are Gen. H. G. Otis, Irving R. F. Smith, Jacob Baum and E. F. Dishman.

ACKNOWLEDGMENTS.

SURF (Cal.) Aug. 29.—I acknowledge with pleasure on behalf of The Times Oriental Party and myself the receipt of numerous courtesies extended on the eve of our departure from Los Angeles.

I also acknowledge special courtesies extended to me personally by friends in the city and vicinity on Monday evening at the Hollywood Hotel. The members of the party are leaving for the distant Orient with hearts filled with hope and high expectations.

[Signed] HARRISON GRAY OTIS.

GETTING ACQUAINTED.

PLEASANT EVENING HOURS. (BY DIRECT WIRE TO THE TIMES.)

SAN LUIS OBISPO, Aug. 29.—[Exclusive Dispatch.] The Times special, bearing the Oriental party northward, is running on a special schedule of its own. It arrived here at 12:45 o'clock a.m.

After good-bys were said at the Arcade Depot, the first thing was to get acquainted. There was no formality, each member of the party seeming desirous only of making the others enjoy the trip. There was music in some of the cars, games in others, and almost before the excursionists knew it, it was bedtime. Nor till long after the train had passed Santa Barbara, where the first stop was made, did any of the members retire, and it was after midnight before all had sought their berths.

Thursday will be spent in San Francisco and the cities on the bay, no special programme having been arranged. The dining car will remain all day at the Oakland Hotel, and if the members of the party do not desire to risk the fare of the San Francisco and the cities on the bay, they may cross the bay and be served aboard their own train, which to them will be home until Seattle is reached Sunday morning.

A jollier party never left Los Angeles, and never in the history of railroading was there a more elaborate excursion.

The agent of the Great Northern Steamship Company, who is on board, declares that The Times party in number, and that the Taft party had no finer train than ours.

At Oakland, Thursday, an observation car will be added to the train, so that during the trip northward through the State the peaks of the mighty Sierras may be observed and points of interest pointed out by special agents of the Southern Pacific, who will accompany us for that purpose.

DISHMAN.

HAGAN'S BOOM BOOZE BUILT.

City Hall Bar Annex May Be Play for Mayoralty.

Sizzling City Campaign Now on the Boards.

Smith and Jones Would Head Republican Ticket.

The fine Italian hand of the politician is seen in Police Commissioner Hagan's smooth work in getting through a license for the establishment of a saloon almost next door to the City Hall and in the heart of the retail shopping district.

It was declared in political circles yesterday that it was the launching of the Hagan boom for Mayor—a boom that is launched in booze.

There has been no secret of the fact that Dr. Hagan, once Police Surgeon, has nourished for some time an ambition to be Mayor of Los Angeles. He had hoped the Republican organization might take notice of him, but Walter Parker's eye is on Councilman George A. Smith for the place.

So the Police Commissioner has been pulling other strings that might make him strong in the convention. Next to the regular machine in the convention will be the influence of the breweries and the Royal Arch, and it is said to be a deal for this support that caused Hagan to slip through the permit for the opening of a bar-room within the afternoon shadow of the classic municipal pile—an act that has set the city by the ears.

Now it is declared that Hagan has launched a boomerang instead of a boom.

HOT CITY CONTEST.

Hagan's play is only incidental to a lively campaign for the Mayoralty. Five other Republicans either are actively in the race or have been mentioned, with Councilman Smith favorite as the machine candidate.

From the head of the ticket down the city campaign is to be a hot one. Republican party managers admit that they have a colorful contest. The carefully guarded moves of the managers of the non-partisan city campaign are not the least of the causes that worry the Republicans. The Democrats are alert and threaten to put a strong ticket in the field, and there are some whisper-monger movements to make much difference in the result.

At the latest census of Republican candidates for Mayor there were five in addition to Smith and Hagan. They are Dr. Walter Lindsey, Dr. J. W. Jones, Lee C. Gates, W. J. Washburn and Charles W. Fleming.

It looks from the roster like a campaign of physicians, also of the Smith and Jones families.

DR. LINDSEY'S STAND.

Dr. Lindsey once was spoken of as a possible candidate on the non-partisan ticket, but he was quick to deny that he had allied himself with any movement that was not marked by blown-in-the-bottle Republicanism. The doctor, who always has been active in politics, would take kindly to a nomination by his party, it is said, but if the non-partisans have so great an admiration for him that they would place him at the head of their ticket, he has given to understand that they will have to do so only by endorsement of his candidacy as a Republican.

As Walter Parker is quoted as saying he is committed to Councilman Smith, it appears that Dr. Lindsey and the other candidates might as well save their powder, unless the city convention should turn out to be less tractable in the hands of the boss than was the county gathering at Venice.

W. J. Washburn is one of those who is believed to be a "corner," without any consideration of the desires of the Republican boss. President of the Equitable Savings Bank, president of the Chamber of Commerce, and a member of the Board of Education, he has been mentioned as a possible nominee of the non-partisans as well as of the Republican party, and like that of Dr. Lindsey, his name is said to be likely to go to both tickets on the Republican, possibly, by nomination, and on the non-partisan by endorsement.

As the non-partisans probably will not name their choice for Mayor until the Republican and Democratic city conventions have been held, it will be possible for the independents to approve or disapprove of the nominees of either party.

Dr. Jones, whose home is at No. 1370 Loveland avenue, and who is not a physician, but a real estate operator, has been a candidate for many weeks. He says he will stay in the fight until the convention makes a decision. He says a Jones has as good a right to run as a Smith.

Lee C. Gates is another possible candidate. He has been a figure in Republican politics for many years and has rendered distinguished party service, especially as a speaker. He is attorney for the Title Insurance and Trust Company and only a few weeks ago retired from membership on the Police Commission.

THREE FROM ONE WARD.

Out of the six candidates mentioned, three are residents of the Fifth Ward—Smith, Jones and Lindsey. The other wards are expected to do their duty in bringing forward of favorite sons before the campaign is further advanced. Assistant City Attorney Leslie Hewitt and Prosecuting Attorney George Beebe are the only Republican candidates mentioned for the office of City Attorney, from which W. B. Matthews will retire at the end of his present term. Hewitt's ability and experience are expected to land the place for him, provided such equipment is permitted to count in the convention.

For City Clerk there is prospect of a hard tug, as Meyers T. White of the Ninth Ward will go into the convention with the support of his delegation, which has the reputation of getting what it goes after. White has been an active Republican worker ever since he cast his first vote, and it is predicted that his strength in the convention will be Harry Leland, the incumbent, who also will be a candidate. Clyde Sage, chief deputy in the City Tax Collector's office, is another aspirant for the Clerkship, and the active Republican Charles L. Wilde, minute clerk of the Council, now absent on an enforced vacation, will figure in the fray.

BRYANT HEADS LIST.

Norman L. Bryant, chief deputy in the City Auditor's office, was first in the field for the nomination for head of that office, although it is said to be likely now that Louis Schnebelen, the incumbent, who was defeated for non-

NEW PLAN FOR DETECTIVES.

REORGANIZATION OF THAT CITY DEPARTMENT CONSIDERED.

Endeavor Will Be Made to Have Night Shift of Men for the Purpose of Coping With the Many Crimes Committed During Hours of Darkness and Early Dawn.

Reorganization of the detective department at the Central Police Station is seriously considered. In the near future an endeavor will be made to place a working night shift in the field, and to keep the office on the "plain clothes" side of the station open during the twenty-four hours.

As things now are the detective force does all its work, to all intents and purpose, between 8 o'clock in the morning and 11 o'clock at night. This, of course, applies to the routine work. Two emergency men sleep at the station, in readiness to go out on calls demanding instant attention.

At 11 o'clock in the evening the detectives' office closes. It does not open until 8 o'clock in the morning. During the interim reports which would otherwise go to that office are taken by the desk sergeant on the patrol side of the station.

The proposed reorganization contemplates entirely new lines. The force would be divided into day and night shifts. The men would be assigned to day and night duty, and the office would be kept open to receive reports all the time. Men would be kept in the field on detective duty after midnight.

The plan has been favorably considered and will probably come up soon for official adoption. In every city of this size there exists a great amount of police information which can be obtained only late at night. With men on duty, the information required to report, it is believed much of it could be had. But the great advantage point in the new plan is the prompt attention which burglary and other cases would get. Night crimes and night is the time for most crimes—would be "coped" with by a working body of men. As it now is, only the more urgent calls of this nature are given attention.

Another important point regarding this change is included in the fact that present conditions make the working hours of detectives too long. As it now is, the "plain clothes" force has a series of alternating shifts. These make each man work eleven hours one night, fifteen hours the other, and two nights a month he is on duty twenty-four hours, sleeping in the station.

There are now eighteen men on the detective force, admittedly a small number. With the eighteen working on day and night shifts it is thought that much hardship in the way of untoward hours can be obviated, and at the same time much greater efficiency attained.

There's some rustling around on the upper perches this morning, although Merle Prewitt continues well in the lead. The first change in the score occurs in the fifth row, where Esther Zuber, who has so gallantly led the Los Angeles delegation for days, steps in and supplants John Clayton, the Long Beach candidate. What John will do about it remains to be seen. He has claimed that perch as his own for a long time, and if anyone has presumed to take it John has been heard from instantly. Now it's up to Long Beach and Los Angeles. Esther jumped one two mornings ago, too, when she landed over the Pomona girl's head, and it looks as if she was bound for those top perches. If her Los Angeles supporters are loyal we may see a special note never yet known in a similar contest—that of a Los Angeles candidate winning first prize. Heretofore it has always been a boy or girl from some suburban point who landed highest. Let Los Angeles people think about this and see what they can do for this ambitious girl who, all by herself, with no helpers, has climbed within four runs of the top of the ladder.

ANOTHER ANGELENO CLIMBS.

The second change in the score this morning occurs in the ninth row, where Earl Robinson, another Los Angeles contestant, rises two rows, passing both Fannie Wolf and Zetta Crouse, the Covina contestant—the last by a narrow margin of but 23 points. Earl has been one of the most persistent workers in the contest. Quietly and with unflagging energy, he has worked his way up, usually advancing and rarely slipping back, he has climbed his way up to the ninth row, where he stands this morning. Earl is a pupil of the Olive-street school, and his teachers and schoolmates are all deeply interested in his success, for he is a favorite there. A young chap of quiet, unassuming manners, he is the type of those who, by dogged persistence, "get there" while others are talking about it.

THESE ARE WORKING.

Vivian Bassett has almost reached the \$5,000 column, and Bertha Smith has returned to her Cucamonga home in fine health and spirits, and ready to take up the struggle and fight to the end. She feels very grateful to the Smiths for all they have done for her during her temporary lay-off, and now she is hustling for herself, and it is up to San Bernardino county to redeem all those promises made, and see to it that their candidate rises like a balloon.

Edna Wagner was the fourth highest scorer yesterday, turning in over 2300 points, and landing in the 36,000 column. Mildred Reer, the Hollywood hummer, turned in over 2000 points, which advanced her a row. Kate Atkinson and Minnie Ponder each scored over 1500 points, and Kate stands within less than fifty points of William Bolstad. The future banker will have to do some hustling today or that Lordsburg lass will capture the fourteenth row where William is perched.

Joanna Cameron is close upon the heels of Blake Tantau, the Pasadena boy, and Frank Wiggins rises a couple of rows, passing Edith Farrell and Mary Lallich. Estelle Green and Cecil Green swap places and Gladys Eastman touches the 15,000 column. Mansie Kim had almost a thousand points turned in yesterday and is getting ready to jump another row if Ignatius Parker does not watch out. Maud Ashurst, the Azusa miss, sent in 1500 points, and leap-frogs over the 42,000 row and into the 44,000s.

HE'S ALL RIGHT.

POLITENESS PAYS.

An interested spectator of the great race sends a bunch of coupons with the accompanying note: "Kindly credit Ignatius Parker with the enclosed fifty coupons. He is a gentleman and I'd like to help him along."

"A FRIEND."

HER FATHER WAS A MASON.

Joanna Cameron, the little daughter of an honored Mason who lost his life by a street-car accident two years ago, needs some help on the home stretch. If some members of that noble order will take an interest in this fatherless girl who is working hard for a scholarship in a business college she may earn her livelihood. It will mean a great deal both to Joanna herself and to her widowed mother.

AH THERE, PASADENA.

The following letter from a Pasadena gentleman reached the scholarship manager yesterday: "I note with regret that Vivian Bassett, the pride of Pasadena, does not seem to progress as rapidly in her score as a couple of weeks ago. It is possible that the residents of the Crown of the Valley are going to desert their native daughter at this critical time when contestants are on the home stretch? Rouse up, my fellow-citizens, and let us show the world that nothing passes by here. Let us place our candidate on the top perch. Thus far, Vivian Bassett has worked out her own campaign. Unlike many of the other contestants, who have had brothers and sisters, relatives and friends to get out and help them, this bright, independent young girl has worked single-handed and alone. Now let us rally to her support on the finish. Come on, Pasadena."

ORANGE GROVE.

FOR HER BENEFIT.

The friends and well-wishers of Miss Estelle Green, the colored contestant, who is working for a scholarship in a business college, have become so interested in her welfare that they will give this evening at the Second Baptist Church on Maple avenue, between Seventh and Eighth streets, a musical and literary entertainment for her benefit. There will be a supper followed by the program, which consists of musical numbers and recitations, one of which will be given by Estelle herself, who is a bright girl and a good student.

PRIZES AT STAKE.

The contestant having the highest score at the close of the contest will have first choice of scholarships and, in addition, the \$500 prize. The second highest will have second choice of scholarships and the first cash prize of \$200, the third will have third choice of scholarships and the cash prize of \$100, and so on to the end of the list. The list of scholarships, which may be enlarged before the close of the contest, follows:

PRIZE PLANO.

The prize piano to be given to the contestant who scores the largest number of points at the close of the contest has been placed in the window at 231 South Broadway, just opposite the City Hall. Any one calling on the Bartlett Music Company at the above address and asking to hear the tone of one of these beautiful Schumann pianos will receive courteous treatment by the salesman. This make of piano is widely known and universally liked. Every part of the construction shows care and the woods and materials are selected from the very best. The instrument is fully guaranteed by the Bartlett Company as well as the factory.

LIGHT TACKLE

THEIR SLOGAN.

SOUTHERN CALIFORNIA ROD AND REEL CLUB FORMED.

Local Fishermen Effect Organization and Elect Officers—A Large Membership in Prospect, and Tournament Promised in the Future.

To Protect Fish.

At a meeting of local fishermen, held last night at the Los Angeles Athletic Club, the Southern California Rod and Reel Club was successfully launched, and a large number of sportsmen enrolled themselves as charter members.

After considerable discussion it was decided to keep the charter membership list open until October 1, and to preserve a strictly amateur status for the club, committees being appointed to draft constitution, bylaws and provide restrictions constituting light tackle to be used in a tournament, of which announcement will be made later on.

No restrictions as to tackle were placed on the membership, and all bona fide rod-and-reel anglers are eligible to join, but the club proposes to limit its tournaments to nine-throw lines, and very probably ten-throw rods, though this point has not been agreed upon entirely as yet.

Edwin L. Hedderly was unanimously elected president; William G. Stearns, vice-president; E. Ellsworth Salter, secretary, and E. W. Coomber, treasurer. Messrs. Hedderly, Stearns, W. F. Weber, E. L. Mitchell and Tracy Shoultz were chosen as executive committee, and Y. B. Johnston, Justice Harry Rose, F. E. Knapp, William Kessler and E. L. Hedderly, Committee on Constitution and Bylaws.

Inasmuch as there are beyond doubt 10,000 anglers in Los Angeles, it is thought the club formed last night will eventually attain an immense membership. Its principles were set forth as the "protection and preservation of the game fish by the securing and enforcement of proper laws, and the fostering of light-tackle angling." A nominal assessment of \$1.00 per year was decided upon to make the admission fee, so as to create a fund in the treasury with which to begin work at once.

The question of light tackle was discussed, and the prevailing sentiment favored much more stringent rules than those in force at Catalina, while the foregoing tournament was being conducted.

Among those who signed the rolls as charter members were: C. G. Aumock, Eugene Elliott, E. Ellsworth Salter, E. L. Hedderly, Tracy Shoultz, W. F. Weber, H. W. Coomber, P. J. Jones, William Kessler, Louis Breer, W. A. Tutts, Lee Slocum, A. M. Morse, W. A. Gelf, C. V. Barton, H. Slotterbeck, R. Campbell, H. H. Jones, H. J. Rose, E. L. Mitchell, Alfred E. MacKenzie, Smith Warren, A. K. Goodwin and a number of others.

The first officers chosen are to serve until January 1, and the term thereafter will be for one year. The officers will report within two or three weeks at a meeting to be called by the executive committee, but the rod regulations may not be burned into the winter, as it is rather too late in the season to start a fishing tournament now, unless it be a winter affair.

It is argued that a concrete organization of several hundred members could secure beneficial protective legislation of a character favorable to the interests of the sportsmen. In the event of securing a large membership, clubhouses at the various beaches are in ultimate prospect.

MAY SUTTON TALKS.

Still Has Hopes of Securing International Tennis Tourney for Women.

(BY THE ASSOCIATED PRESS.—P.M.) NEW YORK, Aug. 29.—Miss May Sutton left New York last night for Cincinnati, for she will defend her title in the first-strike tennis championship in the ladies' singles and with her sister, play for the ladies' doubles championship.

When seen last night prior to her departure, and asked concerning the arrangements for the international tennis trophy for women, projected to bring English and American women exponents of the art together, Miss Sutton said:

"I do not know that very definite progress has yet been made toward consummating an arrangement whereby there shall be international competition for women for a trophy similar to the Davis cup, but every one interested in bringing it about is hopeful of success, and the players themselves are anxious for a chance to play."

"Frankly, I must admit that I think the English women as yet are a little too strong for us. Certainly, Miss Doug-
